Ordering Information:

Part#	Size
SN56	GreatReleaseXM™ Joint Release Instrument

Before use of the instruments, the surgeon should refer to the appropriate instructions for use for complete warnings, precautions, indications, contraindications, and adverse events. Risks include, but are not limited to: infection, pain, discomfort, nerve or soft tissue damage, and necrosis of tissue or inadequate healing. If any of these occur, additional treatments may be needed. Additional information about risks, warnings, and instructions is available at Lapiplasty.com/surgeons/labeling.
